

$$\Delta t = -36.27$$

$$[-38.32, -34.48]$$

A histogram showing the distribution of Δt . The x-axis ranges from -45 to -35. The distribution is a narrow, symmetric peak centered at -36.27, with a teal fill and a grey curve overlaid. The y-axis has tick marks but no numerical labels.

-45 -40 -35

$$\tau = 1.05$$

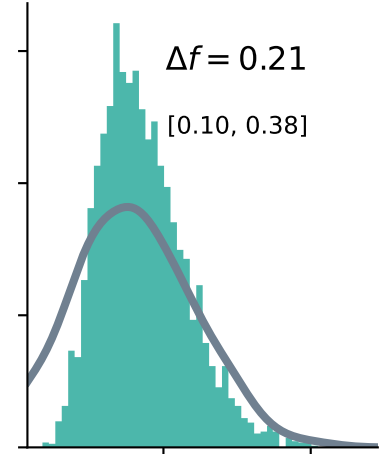

$$[0.36, 3.77]$$

A histogram showing the distribution of τ . The x-axis ranges from 0 to 10. The distribution is a right-skewed peak centered at 1.05, with a teal fill and a grey curve overlaid. The y-axis has tick marks but no numerical labels.

0

10

$$\Delta f = 0.21$$

$$[0.10, 0.38]$$

A histogram showing the distribution of Δf . The x-axis ranges from 0 to 0.50. The distribution is a symmetric peak centered at 0.21, with a teal fill and a grey curve overlaid. The y-axis has tick marks but no numerical labels.
